Thanks – what about the presentations? Or will you just be speaking from the maps?

Ok, could you let me know if you have a strong objection to:

- Marian joining us via telephone from 11:30-12:30 for the HHRA discussion.
- Stephanie joining us for the sediment characterization and the HHRA discussion.

We could directly call both of them rather than set up a dial in. I'm mindful that we don't want these meetings to turn into ones where folks call in. Given that it's Stephanie and then Marian for just the HHRA discussion I don't feel it should be precedent setting.

Let me know your thoughts.

Jen

Rob,

Do you have 5 minutes today to quickly chat? I have a quick question about tomorrow.
